This student handbook has been prepared to assist you in pursuit of a meaningful, positive educational experience whether you are new to our high school or a returning student. It is published so that all Martins Ferry High School students have a ready reference to information that is necessary for an understanding of the daily operations of our school. It is essential that all students read the information contained in this handbook so there may be as few misunderstandings as possible. An important section is the Code of Conduct, which outlines the rules that are necessary to provide a secure, safe and orderly learning environment. It is also strongly suggested that students share the information in this handbook with their parents. If you have any questions that are not addressed in this handbook, you should contact your principal, assistant principal, counselor or teacher for help.

ACADEMIC LETTER

Students in grades 9-12 may earn an academic letter by having a 3.75 G.P.A. at the end of the 3rd nine-weeks of the current school year. In order to receive an invitation a student in grades 9-11 must have achieved an accumulative G.P.A. of 3.75 at the end of the 3rd 9-weeks for the current school year. Seniors who have a 3.75 accumulative G.P.A. at the end of the 3rd 9-weeks or a 3.5 G.P.A. at the end of the 3rd 9-weeks if they have an accumulative overall G.P.A. of 3.75 are eligible to attend the banquet. If your child is having problems in school, you will be notified of this on an interim report. Interim reports are given to students at the midpoint of each grading period. Parents have the ability to monitor their child's classroom progress daily on Progress Book Parent.

Textbooks are issued on a loan basis. These books must be used with good care. You will be charged for any book that is lost or damaged beyond usage. Textbooks are to be covered unless otherwise instructed by the principal.

BELMONT CAREER CENTER

Students have an opportunity to obtain technical training at Belmont Career Center. You will have an opportunity to visit the campus and the programs during your sophomore year. BCC (JVS) has many diversified programs and if you are a technical student you should consider this career route. See the guidance office for more information.

- 1) Completing coursework
- 2) Testing out or showing mastery of course content
- 3) Pursuing an educational option and/or an individually approved option and/or
- 4) Any combination of the above

Any student choosing to use the credit flexibility option must meet with the school counselor to develop an individual credit flexibility plan.

*Odysseyware Online – Odysseyware is an online platform used for **CREDIT RECOVERY**. Students who need to make up credits through the Odysseyware program need to meet with Mr. Mamone and Mr. Bennett to discuss options. Not all students qualify to use this program and the final decision will be made by the building principal.*

There are some general requirements for those students who enroll in the Odysseyware program:

- 1) *Odysseyware students must accumulate the same amount of “seat hours” as a traditional high school student (5 hours a week per class).*
- 2) *Progress will be monitored on a 9 weeks basis.*

SOCIAL MEDIA POLICY

Playing and competing for Martins Ferry City Schools is a privilege, not a right. Student-athletes at MFCSD are held in high regard and are seen as role models in the community. As leaders we have the responsibility to portray our team, our School District and ourselves in a positive manner at all times. Sometimes this means doing things that are of an inconvenience to us, but benefit the whole team.

In recent years, Facebook, Instagram, Snapchat, Twitter and other social networking sites have increased in popularity and are used by the majority of student-athletes in the Martins Ferry School District.

Student-athletes may not be aware that third parties including the media, faculty, future employers, parents and others can easily access their profiles and view all personal information. This includes all pictures, videos, comments and posters. Inappropriate material found by third parties affects the perception of the student, the athletic department and the Martins Ferry School District.

Examples of inappropriate and offensive behaviors concerning participation in online communities may include, but are not limited to depictions or presentations of the following:

1. Posting photos, videos, comments or posters showing the personal use of alcohol, tobacco, no holding cups, cans, shot glasses that may be deemed as containing contraband.
2. Posting photos, videos, and comments that are of a sexual nature. This includes links to websites of a pornographic nature and other inappropriate material.
3. Posting pictures, videos, comments or posters that condone drug related activity. This includes but is not limited to images that portray the personal use of marijuana, and drug paraphernalia.
4. Using inappropriate or offensive language in all comments, videos and other postings. This includes threats of violence and derogatory comments against race and/or gender.
5. Negatively commenting about a teammate, a coach, an official, an opponent or member of the staff of the Martins Ferry City School District

If a student-athlete's profile and/or its contents are found to be inappropriate in

accordance with the above behaviors he/she will be subject to the following penalties: 1) written warning; 2) a meeting with Director of Athletics and Head Coach; 3) penalties as determined by the athletics department, for example, suspension from athletic team.

For your own safety, please keep the following recommendations in mind as you participate in social networking websites:

- Set your security settings so that only your friends can view your profile.
- You should not post your email, home address, local address, telephone number(s), or other personal information as it could lead to unwanted attention, stalking, identity theft, etc.
- Be aware of who you add as a friend to your site – many people are looking to take advantage of student-athletes or to seek connection with student-athletes.

If you are ever in doubt of the appropriateness of your online public material, consider whether it upholds and positively reflects your own values and ethics as well as the athletics department and the Martins Ferry School System. Remember always present a positive image and don't do anything to embarrass yourself, the team, your family or Martins Ferry City Schools.

STUDENT ATHLETIC ELIGIBILITY

The Ohio High School Athletic Association (OHSAA) establishes specific rules for student eligibility for all sports in grades 7 thru 12 in Ohio schools. You as a student should be aware of the fact that your academic success is the primary concern of education and the privilege of participating in sports is determined by your academic success.

Below is a partial list of the basic rules for athletic eligibility:

- **Grade Eligibility:** A student must have received passing grades in a minimum of five (5) one-credit courses or the equivalent which counts towards graduation during the preceding grading period. Phys. Ed and Physical Training **do not** count towards these 5 courses.
- **Post-Secondary students:** Any student enrolled in a CCP class to be used for determining eligibility, the class must count towards graduation. The student-athlete is taking enough course work at the post-secondary institution exclusively or between post-secondary institution and the high school combined to be equivalent to five one-credit courses. Calculating equivalency of credits in the post-secondary institution is conducted in the same manner as in the high school, based upon the Carnegie Unit. College courses for which three or more semester hours of credit are earned shall be awarded one Carnegie unit. Fractional Carnegie units will be awarded proportionately. This means that courses which are four, five, six or even seven hours of credit receive just one Carnegie unit. Examples

of CCP options:

<u>Subject</u>	<u>School</u>	<u>Credit/Duration</u>	<u>Credit Equivalency (Must = 5 Units)</u>
History	High	1 (year course)	1 x 1 = 1
AmLit	CCP	3 semester hours	1 x 2 = 2
Calc.	CCP	3 semester hours	1 x 1 = 2
Bio	CCP	3 semster hours	1 x 1 = 2

TOTAL: 7 = eligible for next 9weeks period

***The factor of 2 is used for post-secondary institutions that are on the semester system**

- **Summer grades** earned MAY NOT BE USED to substitute for failing grades from the last grading period of the regular school year.
- **Ineligibility timeline:** Any student determined to be ineligible by O.H.S.A.A. standards based upon grades from the preceding grading period remains ineligible throughout the next entire grading period.
- The eligibility of a student continues until the start of the fifth (5) school day of the next grading period, at which time grades from the immediately preceding grading period become effective. Eligibility or ineligibility for fall sports is based on the last grading period in the previous school year.

STUDENT ATHLETE DRUG TESTING

The Martins Ferry City Schools Board of Education believes that interscholastic athletics can be an important aspect of a student's overall educational experience. The Board believes that the experiences gained while involved in interscholastic athletics can have lifelong impact. Student participation in interscholastic athletics, however, is a privilege and not a right.

The Board is certainly aware of the pressure that the youth of today face especially in the area of drugs and alcohol. It also realizes that due to the nature of athletic activities the use of drugs and/or alcohol can lead to added risks including injury to the student athlete and others.

All students who wish to participate in the interscholastic athletic programs sponsored by Martins Ferry High School are subject to drug testing. This testing takes place at the beginning of each athletic season: fall, winter and spring. Student athletes participating in multiple seasons within an academic year may not be tested at the beginning of the successive seasons unless selected for random testing or testing based on reasonable suspicion. Parents and athletes will be given a copy of the policy and return signed pages from both the parent and athlete. Failure to give permission to the drug testing will result in denial of participation. All athletes will be subject to random drug testing.

NCAA ELIGIBILITY/REGISTRATION

- Any student who would like to be considered for participation in a

Division I or Division II college athletic program must apply for NCAA eligibility their senior year. Students should follow the link provided on Progress Book Parent and register. There is a \$60.00 fee for this. If you are eligible for free/reduced lunch the guidance office may provide a waiver for this fee.

Attendance

Compulsory education in the State of Ohio requires that young people between the ages of 6 and 18 years attend school. A student in grades 9 through 12 may be considered a full-time equivalent student provided the student is enrolled in at least five (5) units of instruction, as defined by state law, per school year. The Belmont County Truancy Program is set up through the Belmont County Juvenile Court System. All students within the county's 7 school districts and the 1 vocational school district are expected to follow the attendance policy published here. These expectations and sanctions are consistent throughout all the school districts which mean if a student should transfer to any other school district in the county their attendance record will follow.

The educational program offered at the Martins Ferry City School District is predicated upon the presence of the student and requires continuity of

instructions and classroom participation. Attendance shall be required of all students enrolled in the school during the days and hours that the school is in session. Daily attendance of students is a matter of great importance as shown by the fact that prospective employers always check attendance.

In accordance with state law, the Superintendent or his designee shall require from the parent of each student or from an adult student who has been absent from school or from class for any reason, a written statement of the cause for such absence.

The School Board considers the following factors as reasonable excuses for time missed at school and will be considered excused absences:

- A. Personal illness or medical appointment with an accompanying physician's statement
- B. Illness in the immediate family that requires the student to stay home as determined by the Principal
- C. Quarantine of the home
- D. Death in the immediate family (maximum 3 days)
- E. Religious observation in which a student is personally involved.
- F. Emergency situation in which a parent can work out no other solution as determined by the Principal or for such good cause as may be acceptable to the Principal
- G. Court appearance for the child

Upon return to school the student must provide a written excuse to school administration. It will be the responsibility of the student to receive make-up work from the teacher and to have such returned by the specified date as set by the school.

When a student is absent, the parent or guardian should call the school between 7-9 a.m. to inform school officials that their child will not attend school that day. As required by law, if the office does not receive a phone call by the completion of attendance a school representative will attempt to contact the home.

APPOINTMENTS-DOCTOR, DENTIST, ETC.

Appointments should be made outside school time. If this is not possible the student should bring a note from home requesting early dismissal. The student's handbook will be signed, indicating the time the student will be released. Students must sign out in the main office upon leaving. The Principal may call the doctor's office to verify the appointment. When students return to school they need to provide a slip from their doctor, dentist, therapist, etc., verifying the appointment time and date. If they return to school the same day they should sign back in.

VACATIONS

We encourage vacations involving students to be taken during a time when school is not in session. If a parent who wishes his/her child to vacation when school is in session, a written request to the principal at least three (3) days prior to going is required. Each of the child's teachers will sign the request, then the child may make up any missed work at the convenience of the teacher and within the guidelines for make-up work. If the written request for vacation is approved, up to five (5) days will be marked as "excused". Anything beyond five (5) days will be marked as "unexcused" and count towards hours documented for HB 410. *Only five (5) vacation days will be approved in one school year. If a student has fallen into one of the attendance parameters listed in HB 410, then vacation requests will not be approved.

COLLEGE VISITS

Seniors are permitted two (2) approved visits to colleges. Application forms for college visits must be approved three (3) days in advance by the Guidance Office and the principal. Juniors may be permitted one (1) approved visit to a college. Only under extenuating circumstances will college visits be permitted during the month of May. Students must provide proof of the visit to the office upon return.

SANCTIONS

Per HB 410:

Other than specified above as authorized absences, all other absences shall be considered unauthorized absences. A student will be considered habitually truant if the student is absent without an authorized excuse for:

- **Thirty (30) or more consecutive hours**
- **Forty-two (42) or more hours in one (1) school month**
- **Seventy-two (72) or more hours in one (1) school year**

If a student is habitually truant and the student's parent/guardian has failed to cause the student's attendance, the Board authorizes the Superintendent to file a complaint with the Judge of the Juvenile Court and/or to take any other appropriate intervention actions as set forth by this Board's policy.

If a student who is habitually truant violates the order of a Juvenile Court regarding the student's prior adjudication as an unruly child for being a habitual truant, s/he may further be adjudicated as a delinquent child. The Board authorizes the Superintendent to take any of the following intervention actions:

- Assign the student to a truancy intervention program
- Provide counseling to the student
- Request or require the student's parent/guardian to attend a parental involvement program
- Request or require a parent to attend a truancy prevention mediation program
- Notify the Registrar of Motor Vehicles of the student's absences

- Take appropriate legal action
- Assignment to an alternative school

A student will be considered to have excessive absences if:

- **Absent 38 or more hours in one school month with or without a legitimate excuse**
- **Absent 65 or more hours in one school year with or without a legitimate excuse**

EARLY DISMISSALS

A student who is not present more than one half (a.m. or p.m.) shall be counted absent for that session. The principal shall make the final decision as to whether a student is counted absent. The student must have a parent/guardian note indicating the reason for the late arrival or the early dismissal. This note should be brought to the Cafetorium or office in the morning where the student's handbook will be signed indicating the dismissed time. Parents must pick-up the early dismissal students in the main office where students must sign out before leaving. The principal or assistant principal are the only individuals that may release a student before the end of the school day. **ALL MINORS MUST BE SIGNED OUT IN THE MAIN OFFICE BY AN APPROVED ADULT.**

SCHOOL ATTENDANCE DAY OF CONTEST/PRACTICE

To be eligible to practice or rehearse for a co-curricular activity or to participate in a contest or performance, a student must:

1. Attend at least four (4) periods of that school day, excluding lunch (or)
2. Be involved in a field trip (or)
3. Be involved in an Alternative Learning Experience

Both field trips and alternative learning experiences must be approved in advance by the Principal.

FIELD TRIPS

Students are permitted to attend field trips pertaining to class assignments and supervised by a class room teacher. Students that have missed 30 hours in the nine weeks or 72 hours for the year will not be permitted to go on any field trips.

LEAVE SCHOOL GROUNDS

Anytime a student would need to leave school grounds, that student must have permission from their parent/guardian in the form of a note/phone call and it needs to be verified by the main office personnel. Students must also have their handbook filled out to show proof of that permission. The student must sign out in the main office and if they are to return that same school day, they are to then sign back in. If they do not return they should bring a slip from home to account for the absence. Remember, if the absence is due to an appointment at

the doctors, dentists, therapists, etc. office they should bring a note from that professional and this absence will not be marked against their allotted hours of absence for the year. **Students are not permitted to walk on or off campus.**

PRE-ARRANGED ABSENCE

If students are to be absent from classes for one or more days due to vacation, college visit, field trip, class outing, etc., they must obtain a 'Pre-Arranged absence' form from the main office. The student is responsible for getting the work missed and to verify this, the faculty member must sign for the appropriate period. Student then gets the guidance counselor and principal/dean of student's signature.

TARDY POLICY

If a student is tardy, they must report to the office to receive a tardy slip. The offense and consequences are listed in the Discipline section of the handbook.

Discipline

MARTINS FERRY CITY SCHOOLS CODE OF CONDUCT

Education cannot proceed without an atmosphere of good order and discipline necessary for effective learning. The Board of Education accepts the traditional American concept that the teacher is “in loco parentis” (in place of a parent) and as such, has similar rights and duties concerning students as a parent. Good education is largely dependent upon the maintenance of effective learning conditions within the classroom, successful and continued maintenance of these teacher, understanding and leadership by the administration, and support of the classroom conditions is dependent upon good judgment and compassion by the Board, the parents and students.

Good order and discipline are best thought of as being positive, not negative; helping a student to adjust, rather than punish; turning unacceptable conduct into acceptable conduct. Order and discipline are largely a matter of morale, classroom atmosphere, and positive interpersonal relationships. As a working definition, good order and discipline may be described as the absence of distractions, frictions, and disturbances which interfere with the optimum functioning of the student, the class, and the school. It is also the presence of a friendly, yet business-like rapport in which students and school personnel work cooperatively toward mutually accepted goals. The development of administrative guidelines concerning discipline shall be the responsibility of the administration. Good conduct is based on respect and consideration for the rights of others. Students will be expected to conduct themselves in such a way that the rights of others are not violated. The students of the Martins Ferry School District will conform to school regulations and accept directions from authorized school personnel.

A student who fails to comply with established school rules or any reasonable request made by school personnel on school property and / or at school related events will be dealt with according to approved student discipline regulations.

The Board of Education has a “zero tolerance” for violent, disruptive or inappropriate behavior by its students: i.e. the Board will not tolerate violent, disruptive or inappropriate behavior by its students and such behavior is prohibited as set forth in the Student Code of Conduct.

The Board of Education has a zero tolerance for excessive truancy, and truancy from school or from study hall will result in disciplinary action as set forth in the Board’s Student Attendance Policy.

DISCIPLINARY MEASURES

The school has the authority to take corrective disciplinary action against any behavior, whether covered specifically in this written code or not. No behavior should be disruptive of the educational process of the school. Saturday School and/or suspension (internal or external) will also be given according to the disruptive behavior or incident that occurred by a student or students. The discipline process will be dealt with by the principal and/or assistant principal as felt necessary to conduct a safe, drug-free school which is conducive to a learning environment for all students. We are not only committed to educational excellence but to operate a school for the good of the order, safety and discipline of the school. Your handbook is for your use and knowledge of the operation of our school but is used as a guideline and the above-mentioned discipline procedure can be added to any or all incidents. This student handbook was school board adopted.

Any behavior that directly or indirectly disrupts the orderly operation of the educational process will be dealt with according to the student handbook and at the discretion of the principal/assistant principal.

Immediate suspension will occur for the following reasons:

1. Violence
2. Fatal Threat
3. Drug and Alcohol
4. Vulgar language/Harassment
5. Stealing
6. Destruction/defacing property

The principal/assistant principal has the right to make the final decision for disciplinary measures based upon investigation and circumstances.

We believe there is something here at Martins Ferry High School for everyone. Our mission statement for our schools is to develop critical thinkers and responsible citizens in a positive learning environment. We are here to teach, guide and assist our students in any way possible to make their high school experience a positive and productive one. We welcome parent involvement and are much more successful when the school and home work together for the overall welfare of the student.

In addition to the above system, Internal School Suspension may be assigned by the principal/assistant principal as judged necessary, in handling discipline problems in the school, which have not been addressed in the discipline code.

Should a child behave in the unacceptable ways indicated in the Discipline Code, any of the following disciplinary measures may be enforced by the school.

1. Student conference

2. Assignment of Internal School Suspension (which is sometimes referred to as ISS) – Students may be assigned to the Internal School Suspension classroom for a period to be determined by the Principal and the Assistant Principal.

Martins Ferry City School District's policy on the removal, suspension, expulsion and permanent exclusion of students (5610)

The Board of Education recognizes that exclusion from the educational program of the schools, whether by emergency removal, out-of-school suspension, expulsion, or permanent exclusion, is the most severe sanction that can be imposed on a student in this District, and one that cannot be imposed without due process. However, the Board has zero tolerance of violent, disruptive or inappropriate behavior by its students.

No student is to be removed, suspended out-of-school, expelled and/or permanently excluded unless his/her behavior represents misconduct as specified in the Student Code of Conduct/Student Discipline Code approved by the Board. The Code shall also specify the procedures to be followed by school officials when implementing such discipline. In addition to the procedural safeguards and definitions set forth in this policy and the student/parent handbook, additional procedures and considerations shall apply to students identified as disabled under the IDEA, ADA, and/or Section 504 of the Rehabilitation Act of 1973. (See Policy 246 - Suspension/Expulsion of Disabled Students).

Students may be subject to discipline for violation of the Student Code of Conduct/Student Discipline Code even if that conduct occurs on property not owned or controlled by the Board but where such conduct is connected to activities or incidents that have occurred on property owned or controlled by the Board, or conduct that, regardless of where it occurs, is directed at a District

official or employee, or the property of such official or employee.. For purposes of this policy and the Student Code of Conduct/Student Discipline Code, the following shall apply: "Emergency removal" shall be the exclusion of a student who poses a continuing danger to District property or persons in the District or whose behavior presents an on-going threat of disrupting the educational process provided by the District (See Policy 5610.03 - Emergency Removal).

I. Suspension shall be the temporary exclusion of a student by the Superintendent, principal, assistant principal, or any other administrator from the District's instructional program for a period not to exceed ten (10) school days. Suspension may extend beyond the current school year, if at the time a suspension is imposed; fewer than ten (10) days remain in the school year. The Superintendent may apply any or all of the period of suspension to the following year. The procedures for suspension are set forth in the Student Code of Conduct/Student Discipline Code and Board Policy 5611 - Due Process Rights.

II. Expulsion shall be the exclusion of a student from the schools of . this District for a period not to exceed the greater of eighty (80) school days or the number of school days remaining in a semester or term in which the incident that gives rise to the expulsion takes place or for one (1) year as specifically provided in this policy and the Student Code of Conduct/Student Discipline Code. Only the Superintendent may expel a student. The procedures for expulsion are set forth in the Student Code of Conduct/Student Discipline Code and Board Policy 5611 - Due Process Rights.

1. Firearm or Knife Unless a student is permanently excluded from school, the Superintendent shall expel a student from school for a period of one (1) year for bringing a firearm or knife to a school building or on to any other property (including a school vehicle) owned, controlled, or operated by the Board, to an interscholastic competition, an extra-curricular event, or to any other school program or activity that is not located in a school or on property that is owned or controlled by the Board, except that the Superintendent may reduce this period on a case-by-case basis in accordance with this policy. Similarly, the Superintendent shall expel a student from school for a period of one (1) year for possessing a firearm or knife at school or on any other property (including a school vehicle) owned, controlled, or operated by the Board, at interscholastic competition, an extra-curricular event, or at any other school program or activity that is not located in a school or on property that is owned or controlled by the Board, except the Superintendent may reduce this period on a case-by-case basis in accordance with this policy. The expulsion may extend, as necessary, into the school year following the school year in which the incident that gives rise to the expulsion takes place. The Superintendent shall refer any student expelled for bringing a firearm (as defined in 18 U.S.C. 921(a) (3) or weapon to school to the criminal justice or juvenile delinquency system serving the District. A firearm is defined as any weapon, including a starter gun, which will or is designed to or may readily be converted to expel a projectile by the action of an

The Superintendent may expel the student for a period of up to one (1) year. The Superintendent may extend the expulsion into the next school year or reduce the expulsion as necessary on a case-by-case basis as specified below. The student need not be prosecuted or convicted of any criminal act to be expelled under this provision. The Superintendent may, in his/her sole judgment and discretion, reduce such expulsion to a period of less than one (1) year, on a case-by-case basis, for the following reasons: for students identified as disabled under the IDEA, ADA, and/or Section 504 of the Rehabilitation Act of 1973, a recommendation from the group of persons knowledgeable of the student's educational needs; or other extenuating circumstances. If at the time of the suspension or expulsion, there are fewer days remaining in the school year than the number of days of the suspension or expulsion, the Superintendent may apply any or all of the remaining period to the following school year.

3. Bomb Threats If a student makes a bomb threat to a school building or to any premises at which a school activity is occurring at the time of the threat, the Superintendent may expel the student for a period of up to one (1) year. The Superintendent may extend the expulsion into the next school year or reduce the expulsion as necessary on a case-by-case basis as specified below. The student need not be prosecuted or convicted of any criminal act to be expelled under this provision. The Superintendent may, in his/her sole judgment and discretion, reduce such expulsion to a period of less than one (1) year, on a case-by-case basis, for the following reasons: for students identified as disabled under the IDEA, ADA, and Section 504 of the Rehabilitation Act of 1973, upon recommendation from the group of persons knowledgeable of the student's educational needs; or other extenuating circumstances. If at the time of the suspension or expulsion, there are fewer days remaining in the school year than the number of days of the suspension or expulsion, the Superintendent may apply any or all of the remaining period to the following school year.

III. "Permanent exclusion" shall mean the student is banned forever from attending a public school in the State of Ohio (See Policy 5610.01).

If a student is expelled for more than twenty (20) school days or for any period of time that extends into the next school year, the Superintendent shall provide the student and his/her parents with the names, addresses, and telephone numbers of those public or private agencies in the community which offer programs or services that help to rectify the student's behaviors and attitudes that contributed to the incident(s) that caused the expulsion. If the Superintendent determines that a student's behavior on a school vehicle violates school rules, s/he may suspend the student from school bus-riding privileges for the length of time deemed appropriate for the violation and remediation of the behavior. Any such suspension must comply with due process and the Student Code of Conduct/Student Discipline Code. The Board authorizes the Superintendent to provide for options to suspension/expulsion of a student from school which may include alternative educational options. The Superintendent shall initiate expulsion proceedings against a student who has committed an act that warrants expulsion under Board policy even if the student withdraws from school prior to the hearing or decision to impose the expulsion. The expulsion must be imposed for the same duration it would have been had the student remained enrolled. The Board may temporarily deny admittance to any student who has been expelled from the schools of another Ohio district or an out-of-state district, if the student's expulsion period set by the other district has not expired. The expelled student shall first be offered an opportunity for a hearing. When a student is expelled from this District, the Superintendent shall send written notice to any college in which the expelled student is enrolled under Postsecondary Enrollment Options at the time the expulsion is imposed. The written notice shall indicate the date the expulsion is scheduled to expire and that the Board has adopted a provision in Policy 2271

under R.C. 3313.613 to deny high school credit for postsecondary courses taken during an expulsion. If the expulsion is extended, the Superintendent shall notify the college of the extension.

DUE PROCESS

Before a student may be suspended, expelled, or permanently removed from school, there are specific procedures that must be followed.

Suspension from School:

1. The Superintendent, principal, assistant principal, or Superintendent's designee are the only school administrators who may suspend a pupil.
2. Whenever an incident occurs that may lead to a suspension, an administrator shall investigate the nature of the alleged offense.
3. When a student is being considered for a suspension, the administrator in charge will give written notice of intent to suspend, and the reasons to the student.
 - a. The student will have an opportunity to appear at an informal hearing with the principal, assistant principal, superintendent or designee and will have the right to challenge the reasons for the intent to suspend or otherwise explain his/her actions. This hearing may take place within reasonable time.
 - b. Whenever a student has attained eighteen (18) years of age the rights accorded to the parents of the student shall thereafter only be required of and accorded to the student. If a student refuses to sign the form for the notice to parents or guardian, the refusal will be noted in the presence of a witness.
 - c. The Superintendent, principal, assistant principal or Superintendent's designee is not required to permit the presence of counsel or follow any prescribed judicial rules in conducting the hearing.
4. Within 24 hours of the suspension, the parent, guardian, or custodian of the student will be notified in writing of the suspension. This notice will include the reasons for the suspension; the right of the student or parent to appeal to the Superintendent; and the right to be represented at the appeal.
5. The suspension may be appealed to the Superintendent within **TEN (10) DAYS** after the receipt of the suspension notice. The request for an appeal must be in writing. During the process, the student shall not be allowed to remain in school. The appeal shall be conducted in a private meeting and the student may be represented. Sworn, recorded testimony shall be given.
6. If the appeal decision is to uphold the suspension, the next step in the appeal process is to the Court of Common Pleas.

Expulsion from School:

When a student is being considered for expulsion, the student will receive a formal letter of notification addressed to the parents. Students being considered for expulsion may or may not be removed immediately. A formal hearing is scheduled with the Superintendent during which the student may be represented by his/her parents, legal counsel and/or by a person of his/her choice.

Within ten days after the Superintendent notifies the parent of the expulsion, the expulsion can be appealed, in writing, to the Superintendent. The appeal will also be formal in nature with sworn testimony before official(s) designated by the Board of Education. Again, the right to representation is available. If the expulsion is upheld, the next step in the appeal process is to the Court of Common Pleas.

All opportunity to earn grades or credit ends when a student is expelled.

Expulsion for certain violations may result in revocation of a student's driver's license.

When a student 16 years of age or older, is being considered for permanent exclusion, it is possible that she/he may never be permitted to return to school anywhere in the state of Ohio. A permanent exclusion may be considered if the student is convicted or adjudicated delinquent for committing one or more of the following crimes while on the property of any Ohio school: any possession or involvement with a deadly weapon, drug trafficking, murder, manslaughter, assault or aggravated assault, certain sexual crimes, or complicity in any of the aforementioned crimes. This process is formal and will usually follow an expulsion and the proper notification to parents.

Martins Ferry High School makes a sincere effort to have disciplinary actions take place that will allow the student to remain in school. If the disciplinary action does not result in removal from school, it is not appeal able. Should a student or parent have questions regarding the propriety of an in-school disciplinary action, they should contact the Principal.

The school has the authority to take corrective action against any behavior, whether covered specifically in this written code or not, which is found to be disruptive of the educational process of the school.

Students are encouraged not to bring items of value to school. Items such as jewelry, expensive clothing, electronic equipment, and the like, are tempting targets for theft and extortion. The school cannot be responsible for their safe-keeping.

VISITORS

Martins Ferry High School students are not permitted to bring visitors to school to spend the day. All visitors must check in at the office. Students who wish to bring a visitor to one of our dances must first fill out a "visitor pass" form from the main office. This needs to be done at least a week before the dance to allow the office ample time to run background checks on your visitors. Visitors over the age of 20 will not be permitted at any school dance. Any visitor who does not meet the approval of the main office will not be allowed to attend.

WEIGHT ROOM/GYM

1. Only students who are involved in a sport that is in season may use the weight room, as long as they are careful, observe all rules governing the room, going to, and coming from the weight room.
2. Students must have clearance daily from their study hall teacher (handbook signed) before reporting to the weightroom. Students must report to their study hall at the beginning of the class period to show attendance.
3. Only those students who have received instruction in the proper and safe use of the weight room may use it during study hall or gym time.
4. Students who are being disciplined for any reason or quit a sport will not use the weight room until the discipline or sport has concluded.

5. Students will not be excused from a scheduled class to go to the weight room or gym.
6. Only basketball players (boys or girls) who are on the team will be permitted to shoot in the gym during their study hall. Players must have their handbooks signed by their coach in order to be dismissed from study hall to the gym to shoot. Students will not be excused from a scheduled class to go to the gym and shoot.

WITHDRAWAL OF STUDENTS

The office should be notified at least two (2) days in advance of a student's withdrawal. The student will receive a withdrawal form and instructions from the office. All textbooks, Media Center books and fines must be cleared before the school releases records to another school.

WORK PERMITS

Work permits will be issued to students by the Secretary in the Principal's Office. Please make arrangements to obtain a work permit prior to starting employment. It takes several days to complete the process.

MARTINS FERRY CITY SCHOOL DISTRICT
COMPUTER NETWORK AND INTERNET ACCEPTABLE
USE POLICY (STUDENTS)

This document constitutes the School District’s Computer Network and Internet Acceptable Use Policy (“Policy”), and applies to all persons who use or otherwise access the Network and/or Internet, whether with District or personal equipment or whether on-site or by wireless or other remote access (“Users”).

- 1. Definitions.** For purposes of this Policy,

 - the term “Network” shall mean the District’s group of computers and peripherals, whether interconnected via cable, wireless and/or any other means whatsoever, all other District software and hardware resources including all Web-based material and all Web hosting, all data, databases and storage media, all standalone, portable and/or borrowed devices, and all provided connectivity between and among Users and from Users to the global Internet, including any and all Instructional Technology Centers or other third-parties providing connectivity and other services, and any and all identifiers, accounts, rights, permissions, and current or future hardware, software, or connectivity owned or managed by the District to which access is provided to Users. Individual system computers, including mobile devices, are considered to be part of the “Network” and are subject to the terms of this Policy even when the User is not attempting to connect to another computer or to the Internet.
 - the term “Use” of the Network shall mean any and all actions of a User which create traffic on the Network, including traces or remnants of traffic that pass through District equipment, wiring, wireless networks, or storage devices regardless of any other factor such as passage of time, user deletion, transit of the Network without storage or origination and/or storage on personal equipment.
- 2. Purpose and Use:** The School District is providing Users access to its Network to support and enhance the educational experience of students. Access to system computers and the Network is a privilege, not a right. The District reserves the right to withdraw access at any time for any lawful reason. The District reserves the right to determine what constitutes an improper use of system computers or the Network, and is not limited by the examples of misuse given in this Policy. Users may violate this Policy by evading or circumventing the provisions of the Policy, alone or with others. If Users have any doubt about their obligations under this Policy,

including whether a certain activity is permitted, they must consult with Principal to be informed whether or not a use is appropriate.

- 3. Users Bound by Policy in Accepting Access:** The User consents to the terms of this Policy whenever he or she accesses the Network. Users of the Network are bound to the terms of this Policy regardless of whether they received and/or signed a copy of this Policy.
- 4. Personal Responsibility:** Users are responsible for their behavior on the Network just as they are in a classroom, school hallway, or other School District property. Each User is responsible for reading and abiding by this Policy and any and all future amendments, which will be made readily available in both electronic and printed form. Anonymous use is not permitted and access (including passwords) may not be shared or transferred. If a User suspects that a password is not secure, he or she must inform Technology/Teacher immediately. Any improper use of your account, even if you are not the User, is your responsibility.
- 5. Reporting Misuse of the Network:** Users must report any misuse of the Network to Teacher/Principal. "Misuse" means any apparent violation of this Policy or other use which has the intent or effect of harming another person or another person's property. This includes, but is not limited to, the transmission of sexually explicit images or messages which would constitute bullying, sexual harassment, or a violation of the Student Code of Conduct.
- 6. Violating Policy with Personal Equipment:** The use of personal equipment and/or personal Internet access to violate this Policy or to assist another to violate the Policy is prohibited. Exceeding permission (such as abusing access to unfiltered Internet connectivity) is a violation of this Policy. Using private equipment to divert student time and/or attention from scheduled educational, co-curricular, or extracurricular activities, or to divert paid work time from its proper purpose, is always strictly prohibited. Personal equipment used to violate this Policy on school property is subject to search and seizure, reasonably related to the violation, for a period of up to [thirty (30)] days, unless the personal equipment has been provided to law enforcement officials.
- 7. Discipline for Violation of Policy:** Violations of each of the provisions of this Policy are considered violations of the Student Code of Conduct, and each violation is a separate infraction. Violations may result in disciplinary action for students up to and including suspension or expulsion and/or referral to law enforcement. The District reserves the right to seek reimbursement of expenses and/or damages arising from violations of this Policy.

- 8. Waiver of Privacy:** By accepting Network access, Users waive any and all rights of privacy in connection with their communications over the Network or communications achieved through the use of District equipment or software. Electronic mail (email) and other forms of electronic communication (including instant messaging, social media of all forms, and SMS messages originating from e-mail) are not guaranteed to be private. The District owns all data in the system. Systems managers have access to all messages and other data for purposes of monitoring system functions, maintaining system efficiency, and enforcing computer/network use policies and regulations, District policies, and state and federal laws. Illegal activities or suspected illegal activities may be reported to the authorities.
- 9. Confidentiality and Student Information:** Users are responsible for maintaining security of student information and other personally identifiable data that they access, even if they access such data accidentally or without permission, and for upholding FERPA (20 U.S.C. § 1232g), the student confidentiality law (Ohio Revised Code Section 3319.321), the Ohio Privacy Act (Chapter 1347 of the Ohio Revised Code), and any other applicable privacy policies and regulations. Users are responsible whether such data is downloaded from the Network to their computer screen, transmitted by e-mail, stored on a flash drive, portable device or laptop, copied by handwriting or by any or all other devices, forms of storage or methods. Negligence with respect to protecting the confidentiality of such data will be considered a violation of this Policy whether or not such negligence results in identity theft or other harm. Users shall not engage or attempt to engage in unauthorized computer access, including but not limited to cyber-attacks, hacks, circumvention of password-protected content, and/or access to inappropriate material, including without limitation personally identifiable student information.
- 10. District-Owned Equipment:** Desktop computers, laptops, portable devices, and other equipment belonging to the District are your responsibility. Any misuse, failure, damage or loss involving such equipment must be reported to Technology Coordinator/Teacher. Periodic maintenance on laptops and other hardware is required. social networking sites, e-mail addresses, applications, servers or Internet domains which it, in its sole judgment, has determined to present a risk of exposing students or employees to sexually explicit or otherwise inappropriate content, exposing the system to undue risk of compromise from the standpoint of security or functionality, or creating a substantial likelihood of disruption of educational or co-curricular, or extracurricular activities.

**STUDENT TECHNOLOGY ACCEPTABLE USE AND
SAFETY AGREEMENT**

To access and use District Technology Resources (see definition in Bylaw 0100), including a school-assigned e-mail account and/or the Internet at school, students under the age of eighteen (18) must obtain parent permission and sign and return this form. Students eighteen (18) and over may sign their own forms.

Use of District Technology Resources is a privilege, not a right. The Board of Education's Technology Resources, including its computer network, Internet connection and online educational services/apps, are provided for educational purposes only. Unauthorized and inappropriate use will result in loss of this privilege and/or other disciplinary action.

The Board has implemented technology protection measures that protect against (e.g., block/filter) Internet access to visual displays/depictions/materials that are obscene, constitute child pornography, or are harmful to minors. The Board also monitors online activity of students in an effort to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. Nevertheless, parents/guardians are advised that determined users may be able to gain access to information, communication, and/or services on the Internet that the Board has not authorized for educational purposes and/or that they and/or their parents/guardians may find inappropriate, offensive, objectionable or controversial. Students using District Technology Resources are personally responsible and liable, both civilly and criminally, for unauthorized or inappropriate use of the Resources.

The Board has the right, at any time, to access, monitor, review and inspect any directories, files and/or messages residing on or sent using District Technology Resources. Messages relating to or in
